# EARTH Debate

LMU Main Building, A 120  
11 April 2012, 19:45

While an expanding worldwide population is certain a sustainable food supply for the future is not. In preparation for the Rio+20 UN Conference on Sustainable Development in June 2012, worldwide experts will meet to discuss the topic of

## **FOOD SECURITY** **How Do We Feed Nine Billion People in 2050?**

After the screening of the debate, a small discussion with local experts will take place:

**Bron Taylor** (RCC / University of Florida),

**Christian Suchomel** (ÖBZ Munich),

and **Hanna Schösler** (RCC)

**Rachel  
Carson  
Center**

ENVIRONMENT AND SOCIETY

The debate is being screened by the Rachel Carson Center for Environment and Society in cooperation with the British Council and is held in English. **It is free and open to the public.**
