Online Artist Talk

TUESDAY 26 APRIL, 6 PM CEST

# Activating Environmental Awareness

## From Aesthetic Experience to an Ecological Mindset

On the occasion of the BARK performance coming to Munich, Symbio(s)cene invites Abigail Winsvold, Heidi Miikki, Emma Langmoen and Frøydis Dahlø from the artist group Acting for Climate to sit down at Culturesphere Gallery for an online artist talk about the entanglements of art and ecology and how aesthetic experiences can possibly spark action for the common good.

How can we bridge the gulf between knowledge and action? What is unique about the alchemy of the arts in bringing about potential change? How can we reimagine ourselves as being a part of, not apart from, the more-than-human-world? And how do we make space for the hard conversations, individually and collectively? **Register to join this free Zoom event >>>**
