

# Childhoods/Natures Seminar Series

## Monthly Sessions

The Childhoods/Natures Seminar Series is an online monthly event that hosts academics from across the globe and from a wide range of disciplinary backgrounds to speak about their research on childhoods, children/nature relationships and child development.

Organized by the group LearningNatures based at the Rachel Carson Center, it offers a space to think about and discuss childhoods and child-nature relationships across disciplinary boundaries.

The seminar will take place on the second Tuesday of each month\* at 14:00 (CET) beginning in October 2023.

\*With the exception of Wednesday 11 October 2023.
